TOUR SCHEDULE

After Eight very successful World Tour Programs in 2008, 2010, 2012, 2016, 2017, 2018, 2019 and 2021, the International Federation of Head and Neck Oncologic Societies is again offering a global continuing medical education program featuring the most respected leaders in the field of Head & Neck Surgery and Oncology.

This worldwide program will be presented virtually, for the **EASTERN HEMISPHERE** on 12 November, 2022. The program will provide state-of-art knowledge and explore the frontiers of Head and Neck cancer diagnosis and treatment through Keynote lectures and tumor boards with intense interactive discussions with global leaders through case presentations. An ample opportunity will be provided to the attendees to ask questions through the Q and A box on their screen. The program in **EASTERN HEMISPHERE** is on different topics, and will cover important issues in Head and Neck Surgery and Oncology.
